## STORM IN THEIR CONVENTION OVER PROTECTED VICE.

Chief DeLoach of Cincinnati Calls Corrupt Cops Leaders—Attempt to Shut Him Off Falls—Chief Here Tries to Convince Them But Here They Turn Cold Trip to Coney.

The Police Chiefs and their associates from all parts of the United States and Canada, who are holding their annual convention in this city, had a busy time of it yesterday. They assembled at the Hotel Savoy in the morning, listened to the reading of papers, took a dismal trolley ride to block and cold Coney Island in the afternoon and went to the "Flamingo" at the Casino last night.

When the convention was called to order at 10 o'clock in the morning by the President, Chief DeLoach of Cincinnati, there was not only about twenty-five chiefs, less than half the delegates, in their seats. The others, who were in later, rubbing their eyes and whispering that New York was a right smart town. Some of the chiefs had remained up half the night, and they were tired and used to keeping late hours.

He said that he had been up all night and that it was only the second time in his life that such a thing had happened. The chiefs made frequent trips to the ice-water coolers. Some Canadian cops who were not accustomed to the sort of time they had on Tuesday were heard inquiring in the café for "cottony slippers."

A series of short papers on police subjects were read. Chief Sylvester of Washington, D. C., advocated a national police bureau of identification. He thought that this would keep criminals from mingling with the good people, and that he said was one of the surest ways of suppressing crime.

"Review of Crime: Fundamental Duty of the Police," was the subject discussed by Chief DeLoach. He said that the police should be a police force, not a police bureau. He said that the police should be a police force, not a police bureau. He said that the police should be a police force, not a police bureau.

## PHILIPPINE TARIFF HELD UP.

## Secretary Root Awaits Cabinet Conference on Effect of Supreme Court Decision.

WASHINGTON, May 29.—It was stated on official authority at the War Department today that the Philippine tariff proposed for imports into the Philippines will not be promulgated this week and may be delayed for a month. Secretary Root has not yet received a complete copy of the Supreme Court's decision, and until he has had an opportunity to study the opinions thoroughly, with particular reference to their relation to the Philippine Islands, the War Department will not take any action in the matter of promulgating a Philippine tariff. The question will be considered by the President and Cabinet immediately on the return of the former to Washington.

The schedule was originally prepared by the Philippine Commission and was forwarded to Washington several months ago for consideration by the Secretary of War. It was made public for the purpose of inviting criticism of it by commercial men interested in the trade between the United States and the islands and was all ready for promulgation when the opinion of the Supreme Court was rendered in the insular cases. That these opinions have led the officers of the Department to doubt the authority of the Department to issue the tariff is shown by the fact that the promulgation has been completely suspended until the authority can be more definitely determined.

## CHINA FILES ACCEPTANCE.

## AGREES TO PAY THE POWERS \$315,000,000 AND INTEREST.

Later at the rate of 3-4-5 Per Cent. Minister Willing to Accept Chinese Bonds at Par as Security—Commissioner Rockhill Urging the Granting of Increased Trade Privileges.

Special Cable Despatch to THE SUN. From THE SUN Correspondent at Peking.

PEKING, May 29.—The Chinese press today in their reply to the Ministers' latest proposals states that China is willing to pay an indemnity of \$315,000,000, including interest. They want the rate of interest placed at 3 1/2 per cent. The Ministers have not yet decided on the amount of interest or the annual rate, but they are willing to accept the Chinese proposal for a term of years as security and to permit an increase in the tariff, which nearly all comes out of the pockets of foreigners and will almost equal the annual interest.

Some people complain that although Britain is not a creditor in China, Sir Ernest Satow, the British Minister, will consent to this arrangement without consulting the chambers of commerce at Shanghai or elsewhere or demanding some equivalent in the way of privileges.

Mr. Rockhill, the American Special Commissioner, is the only one of the foreign representatives who is making a strenuous demand for river and harbor improvements and increased trade privileges in all China, which if granted would be of great benefit to China as well as to foreign countries.

The majority of the ministers are concentrating all their attention on securing a speedy payment of the indemnities and neglecting measures that would be mutually beneficial.

The impression is growing that the negotiations will soon be closed. The proposed treaty will be signed by the Chinese and the United States. The treaty will be signed by the Chinese and the United States. The treaty will be signed by the Chinese and the United States.

## THE CASH REGISTER STRIKE.

## Unions Want Arbitration in the Matter, but They Want It Their Own Way.

DAYTON, Ohio, May 29.—Samuel Gompers, C. I. Kidd and other well-known labor leaders had a conference with John H. Patterson of the National Cash Register Company today, one at 10 A. M. and the other at 3 P. M. President Patterson and the others of the company are willing to arbitrate their differences, as they always have been. The unions want the company to take four men back again and then they are willing to arbitrate. Mr. Patterson will not take the four men back. He is willing to select two arbitrators and have the unions select two and these four select a fifth. If this committee of five allows the men to go back to work Mr. Patterson will abide by the decision.

The unions want the factory started with 2,400 men and the four men included. The case is then to be arbitrated and if voted in favor of the unions are to submit. But the company will not agree to this.

There is a secret meeting tonight to consider Mr. Patterson's proposition. Gompers will leave tonight or in the morning and leave the matter in the hands of the local committees.

The carpenters' union declared a boycott of the National Cash Register Company. These are the Reardon, the John Reardon, the Dayton Lumber and Theo. L. Bouck companies. The companies are running their shops with non-union men and say they do not care for the boycott as they have work ahead for a year.

## SULTAN RECEIVES JEWS.

## FIRST GREAT SUCCESS OF THE ZIONIST MOVEMENT SCORED.

Special Cable Despatch to THE SUN. LONDON, May 29.—The Daily Mail says that the Zionist movement has achieved its first great political success. The founder of the movement, Dr. Theodore Herzl, and other promoters arrived at Constantinople three weeks ago and were received with distinction. Dr. Herzl was placed among the imperial guests at the S. Lankin on May 17, and thereafter the Sultan granted him an audience that lasted for two hours and a half.

Dr. Herzl submitted his scheme for colonizing parts of Southern Palestine, the plan being supported by the strongest recommendations of Emperor William. Dr. Herzl offered a considerable sum of money to secure a definite tenure and practical governing rights.

International securities for fulfilling the contract will be demanded by the Porte. It is expected that Emperor William will become the principal surety. An international congress will shortly be called to support the plans.

It is proposed to begin the development by rebuilding Jaffa harbor and establishing irrigation works. Jewish labor will be employed, and as houses are built, Jews from Roumania, Russia and Galicia will be gradually settled on the land.

The scheme is in no sense charitable. The leaders are not interested in what the Jews are doing, but the best class of workers. The scheme is on a business basis and remunerative returns are expected.
